Miss Camille Yates and brother,

The Best Cough Syrup

is Home-made

Õ0000000000000000000000000000000

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? When you do, you will understand why thousands of families, the world ever, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will quickly earn it a permanent place in your home.

quickly earn it a permanent place in your home.

Into a pint bottle, pour 2½ ounces of Pinex; then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified molasses, honey, or corn syrup instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.

It is really wonderful how quickly

It is really wonderful how quickly this home made remedy conquers a cough—usually in 24 hours or less. It

cough—usually in 24 hours or less. It seems to penetrate through every air passage, leosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma

Asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

### Our Trade Balance

FOR the first time in its history the Department of Commerce has attempted an exhaustive estimate of the total balance of American trade, including invisible as well as visible items. The department finds that though exports from this country exceeded imports in the calendar year 1922 by \$754,000,000, invisible items more than offset this favorable commodity balance and left a total balance against this country of \$585,000.

In arriving at this figure the de partment warns that it may possibly be wrong by as much as \$150,000,000 either way. It estimates that our immigrants sent remittances to friends and relatives abroad of \$400,000,000 ognizes the existence and importance and 13th spirits cannot be less than \$20,000,-

a wrong impression from the depart- ical treatment, prescriptions or inment's figures, and a number of econ- jections. omists may criticize it for what it beware of old-style trusses with underseems to regard as an unfavorable straps. These trusses usually pace balance of total trade. The real bal- the pad on the lump and not on the ance of trade of a nation in any year rupture opening. This often causes is the amount that it either lends or borrows as a result of the year's operations. In the case of a creditor to demons rate free to all who call at nation, like the United States the the hotel from 10 a. m. to 4 p. m. the day balance of trade for the year will be reflected in the net increase or decrease of that nation's foreign investments.

Measured by this standard and any other place in this section and he using the department's own figures as will be here for one date only. ed the year with a net favorable bal ance of \$83,000,000. That is to say, American foreign leans abroad increased during 1922 by that ne

The department's figure of an adverse trade balance for the year of \$586,000,000 is arrived at hy subtracting from the favorable merchandlse balance of \$754,000,000 not only \$246.000,000 representing net imports of gold and silver and \$425,000,000 representing the net balance of current invisible items against us, but by subtracting the net amount of \$669,000, 000 which this country loaned abroad.

Obviously, as this country had a net surplus of only \$83,000,000 to lend abroad the \$586,000,000 of loans in excess of that, assuming the department's estimates to be accurate, must have meant the refunding into fixed term obligations of foreign loans which had previously existed in the form of open accounts. In short, the amount represented a mere change in the form of the loan.

The only other way to account for part of this \$586,000,000 is to assume that some of it offsets heavy exports of American currency in increasing demand abroad. The department refers to these currency exports but does not include them in its balance sheet.

But while there was no adverse balance of \$586,000,000, but an actual favorable balance of \$83,000,000 in 1922, there can be little question that since the beginning of the present year the total balance of trade has been adverse. While the merchandise balance of trade was in our favor in the first eight months of 1922 by \$470,831,276, it has been against us by \$88,525,000 in the first eight months of the present year, even before the invisible adverse items are considered.

### A National Issue

WEST VIRGINIA has renewed its attempt to prevent neighboring states from getting unrestricted supplies of natural gas from within its borders. On its application the United States supreme court has congented to review the cases, supposed to have been settled by decision handed down last summer, brought by Pennsylvania and Ohio to invalidate

quantity of gas that might be de-But it is now asserted that the dequent rulings likewise will be cited in support of the Mountain state's

### 3 Reasons

Bank accounts are safe, and smaller losses come from them than from any other investment.

They are very liquid and so can be turned into cash at any time.

They offer a good chance for speculative profit, for when opportunity comes it can be seized only by the man who has ready cash.

"It is the dollar you save-not the dollar you spend-that helps you on the road to prosperity."

PRESIDENT TO CALL THEM TO WASHINGTON TO TALK OF LAW ENFORCEMENT.

CARRYING OUT HARDING PLAN

Federal Council of Churches Will Hola Conference in National Capital About the Same Time to Discuss Enforcing Prohibition Act.

By EDWARD B. CLARK

ashington.-Washington is wor ring if it is a mere coincidence that

ernors on the subject of law en-President Harding never date, even tentatively, for the rence, but he virtually gave his that he would call the state ogether before many weeks It is recognized that collidge, in calling this con carrying out not only a probably a policy of his

chot Reminded the President.

Linchot of Pennsylvania e first callers on Prestage after the death of Presi-After the governor had resident he said that he had President of Mr. Harding's non the governors of conference on law-en-

verzor Pinchot's visit noth-

known of the attitude of Presward the conference Then he exhes declared that it would hold and citizenship and patriotism conon recognition of the tremenpropaganda which is being car-.. to nullify the Eighteenth approve entirely of the Vol-The fact remains, show, that these officials, even though bey feel as they do, are at one with other officials of government un nelleving that so long as a law is on he statute books it should be enforced, The President naturally is presumed to be of the same mind. Certainly his act in calling the governors together for the purpose of finding means properly to enforce the laws makes it apparent that the Volstead act, so far as the administration is concerned, is to be enforced to the fetter, if it can be so enforced.

Must Stand for Enforcement. This conference of the governors or ha enforcement ought to make decidedis interesting matter for the news of the day columns. It is perfectly well thoght that some of the governors who till come to Washington are anti-prothe are apposed to the Volstend law che intenty interesting discussions at had bessions of the conference. The and point is however, that no goverbe on enter any objection to any They all will be compelled of teerssity to corear in the general plan the delivers as they stand. The does not mean at all, however. the governors will not express Herity at the sessions their views of Volstend act. It is definitely nown in Washington that some govgrnors, like some national legislators are strongly in favor of a change in the act, but also there is a general be tlef in Washington that no change will be made by the next congress. It

Where It Struck.

seems that congressmen generally believe that the majority of Americans

are satisfied with the law.

"Did you see the expression on the face of Mrs. Bron when I told her that she doesn't look any older than her daughter?" asked Jones.

"No," replied Mrs. Jones. "I didn't notice it. I was looking at the expression on her daughter's face."

CHARLES CANADA DE LA CARAMANTA DE CANADA CAN

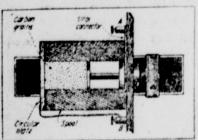

### Simple Rheostat for Finest Work

### Instructions for Making, Connecting and Adjusting This Device.

With this rheostat in the filament circuit of the detector tube, very fine adjustments are possible.

The construction is quite simple. A tube of high hent-resisting material, such as porcelain, is almost filled with carbon grains. Contact is made to the grains by a small piece of metal sheet which serves to keep the grains in position.

At the front or panel end, a plunger is inserted. The shaft of the plunger should be threaded and the base should be just of correct size to fit the hole The panel is tapped and the rheostal

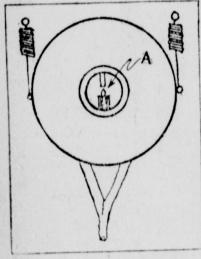

placed in position. Connections are made to the plunger by a strip of copper or brass. A knob and pointer of dial complete the rheostat. By turnin the knob, the plunger moves back and forth and varies the pressure on th carbon grains. The pitch of thread will determine the rate at which the plung er operates. With a fine thread, complete turn will not greatly affect the current flow; a heavy thread will allow a rather rough adjustment to be made, although it will be finer adjustment than the ordinary wire rheostat.

### Sparks Leaping Over Gap Control Speech

The first radio microphone was ordinary telephone transmitter with such slight changes as were necessary because of its new use. But the fundamentals were the same. It consisted of a disc floating on a bed of carbon granules. The speech or music struck this diaphragm and altered the resistance of the circuit by compressing

too loud produced serious "blastings," that is, the force of the sound waves caused the diaphragm to vibrate inde-

The next microphone was the condenser type in wide use today. This consists of two metal discs under ter

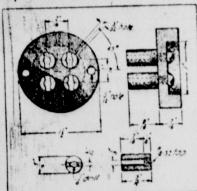

slon and separated a given distance The sound waves striking one of the discs varied the distance between the plates, and the condenser action was transmitted to an amplifier.

The newest type is the "glow discharge" microphone recently installed at KDKA. In this instrument a high frequency discharge between two points (see A in the diagram) when subjected to sound waves is varied according to the shape of the waves. The variation is extremely sensitive and the glow discharge reproduces the tones with a high degree of fidelity to the original.

### Homemade V. T. Socket Will Save Some Money

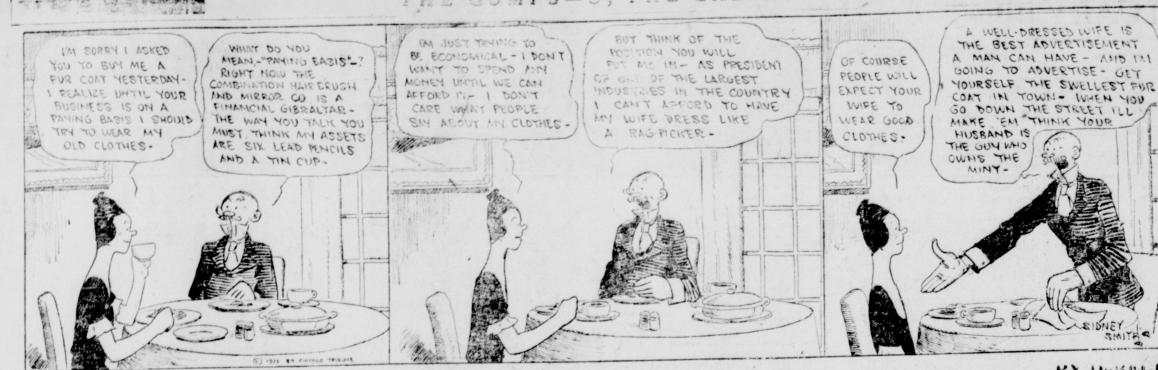

The cheapest V. T. socket costs about a collar. The one shown in diagram, has a special prong receiver, a round piece of brass or copper. It is drilled to take the prong of a Moorhead or radiotron V. T. and is cut part way down to permit a little leeway, should the tube not fit exactly. No

sacket is provided, but the base is just the size of the inside of a socket and, if one is desired, it may be forced on the base for a quarter of an inch. Holes are provided for screwing base to table. The prong receivers are serewed on the base, which is counter bored with a one-inch drill to a depth of one-fourth inch. Holes are provided for entrance of wires to connections. The base is one-half inch thick.

In True Tailored Style

Near of kin to the tailored suit is this trim and dignified street frock made on the simplest lines of poiret twill. For adornment it has a neckto-hem panel at the front, made of a the sleeves. Small, round buttons below the collar and a narrow girdle of plaid material, and similar panels in low the collar and a narrow girdle of the twill, finish it in true tailored style.

### BIRD ENTOMBED BY MARTINS

Sparrow That Had Grabbed Martin's Nest Is Made the Victim of Dire Revenge.

An English ornithologist, G. Garrett. makes a specialty of observing the manners and methods followed by birds. He recently recalled the story of a sparrow which, finding a newly built martin's nest, took "possession" conflict all the martins disappeared. Age with a hearty handshake. the martins had abandoned their un-

em having procured a little of the tempered earth with which they make their nests, they all at once fell upon he sparrow and inclosed him in the nest to perish there, although they could not drive him out.

### WINDMILLS OF THE FUTURE

They May Provide Electric Power When Coal and Oil Fields Are Giving Out.

"The exhaustion of our coal and oil fields is a matter of centuries only." writes J. B. S. Haldane, the distinguished British scientist, in his article. "If You Were Alive in 2123," in Century. "As it has often been assumed that their exhaustion would lead to the collapse of industrial civilization, 1 may perhaps be pardoned if I give some of the reasons which lead me to doubt this proposition. "Water power is not, I think, a

probable substitute on account of its small quantity, seasonal fluctuation and sporadic distribution. It may perhaps, however, shift the center of industrial gravity to well-watered mountainous tracts, such as the Himalayan foothills, British Columbia and Armenia. Ultimately, we shall have to tap those intermittent, but inexhaustible, sources of power, the wind and the sunlight. The problem is simply one of storing their energy in a form Neuralgia Pain, Pain as convenient as coal or petrol. If a Accept "Bayer Tablets of Aspian" windmill in one's back garden could as convenient as coal or petrol. If a produce a hundredweight of coal daily (and it can produce its equivalent in energy), our coal mines would shut down tomorrow. Even tomorrow a cheap, fool-proof and durable storage battery may be invented that will enable us to transform the intermittent energy of the wind into continuous electric power.

"Among its more obvious advantages will be the fact that energy will be as cheap in one part of the country as another, so that industry will be greatly decentralized; and that no smoke or ash will be produced."

The bloom of youth and the hardy ruddy glow of Old Age-sixteen and sixty-should be separated only by the span of years and not by varying differences of physical wholesome-

Vigorous old age is within the grasp of all. S. S. S. brings that hale and hearty feeling back with a rush. Rich red blood is the greatest enemy of weakening, health undermining Old Age. S. S. S. builds Red Blood Cells. Rich, fed blood coursing through your veins sweeps away impurities that retard the proper functioning of your system. Old Age—once a dreaded agony becomes a vigorous, in the absence of the owner. The martin, seeing the usurper, called for help, and soon a thousand martins lected herbs and barks—scientifically lected herbs and barks—scientifically came, at "full speed," to attack the prepared and proportioned. Welcome sparrow; but the latter was invul-herable. After a quarter of an hour's that follow in its wake. Meet Old The sparrow thought he had got the handshake that speaks of well being heiter, and the spectators judged that the martins had abandoned their unblooded constitution. S. S. S. is your best friend when Old Age is seen Not in the least! They immediately returned to the charge, and, each of them having fractured to the charge, and, each of

The large size is the more economical. 5.5.5. Makes You Feel Again

### HAVE COLOR IN CHEEKS

Be Better Looking-Take Olive Tablets

If your skin is yellow-complexion pallid-tongue coated-appetite pooryou have a bad taste in your mouth a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards'Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, pimples, a feeling of buoyancy like

childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c.

## TWO ALL-COUNTY

Wellsville-Lisbon Cames kind of a pull from first to last.

The decision of Basil Jarvis, the Scheduled.

Only two all-county games will be played Saturday. East Palestine meets Salem High here and Wellsville comes p f.om the river to play Lisbon High the county seat.

These two games will furnish plenty thrills for fans. The Salem game tself should be one of the hottest battles ever seen on a local gridiron. Wellsville has two scalps in her belt and will be out to clean up Lisbon, which school this year has not a orld beating eleven.

Last Saturday Lisbon was defeated 54 to 0 by Alliance High, taking about same lesson Salem did when arren handed the 41 to 0 dose to the Quaker City team.

East Liverpool, which just barely on from Chester High last Saturday 6, will stack up against Wheeling High at the West Virginia town. From reports the Wheeling aggregation ight to mop up the earth with the aid Liverpool team.

Leetonia will journey to Sebring to play the pottery lads in what ought to a most interesting game from a alem standpoint. Sebring upset the ope and trimmed Salem in the open-And Salem plays Leetonia here 3. Providing Leetonia can be at Sebring, which seems likely to be the and Salem can come from beind after a bad start and walk over Leetonia, the opening defeat will not be sad history at all.

From all indications East Palestine and Leetonia are the most formidable teams in the county. Whether or not they will crack is a matter that time will decide but they are going fine at present. Palestine has a wealth of fast track team on the squad and they will be hard to stop next Saturday.

Salem High's second team, will play the Columbiana High regulars at Columbiana Saturday. Coach Richtman is giving his second team fine games, preparing them for next year. Salem county that is taking so much inter is, by the way, the only team in the est in building up a strong reserve that will next year be seasoned regulars. Coach Richtman and Assistant Coaches Swanson and Nickel are making a wonderful showing this season, at least more than any other coaches could have done under the circumstances when an entire new team had to be built.

### PAPYRUS WORKS OUT AT BELMONT

New York, Oct. 10. - In his first workout over a distance since coming to this country, Papyrus, English champion, went a mile and a quarter morning in preparation for his match race with Zev on Oct. 20. The English colt was clocked in 2:18 but the time at Belmont park at a slow gallop this ement was not important because the garden of Rev. G. A. Beers. East Palestine-Salem And element was not important because

trainer to keep Papyrus' speed under cover, came as a disappointment to many early morning visitors to the

### In 10 Days

New beauty-new safety-new delights, by combating film on teeth

Here is a free test everyone should make. This week your druggist will present it to you.

It will show you a new way of teeth cleaning, which millions now employ. You will be amazed and delighted. Go today and get it.

### Combat that film

Film is your teeth's great enemy -that viscous film you feel. No ordinary tooth paste effectively combats it, so much of it clings and stays. Soon it becomes discolored, then forms dingy coats. That's why teeth lose luster.

Film also holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea. "Nearly everybody has suffered from these film-caused troubles.

Dental science has in late years

One disintegrates the film at all stages of formation. The other removes it without harmful scouring.

Able authorities proved these methods effective. Then a newtype tooth paste was created to apply them daily. The name is Pepsodent.

Dentists everywhere advise it. Careful people of some 50 nations are employing it today. You should learn what it means to you.

### Two other enemies

Pepsodent multiplies the alkalinity of the saliva. That is there to neutralize the

acids. It multiplies the starch digestant in the saliva. That is there to digest starch deposits.

So every use of Pepsodent gives manifold power to these

found two great film combatants. Protect the Enamel

Pepsodent disintegrates the film, then removes it with an agent far softer than enamel. Never use a film combatant which contains harsh grit.

The New-Day Dentifrice A scientific tooth paste based on modern research. Now advised by leading dentists the world over.

At Your Store This Week Only

TRUCKS · TRACTORS

Present Coupon

great natural tooth-protecting agents. In these ways it is bring. ing a new dental era.

### A film stainer

Particularly men who smoke find that film becomes discolored. Pepsodent brings to those men quick, conspicuous effects. But it brings to all, and quickly, results which are convincing.

Present the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth become whiter as the film-coats disappear.

Then you will have a new idea of what clean teeth mean. And you will wish your family to use this method always. Cut out cou-

### FREE\_This Week Only A 10-Day Tube at Your Store (Only one tube to a family)

Insert your name and address, then present this coupon this week to any store named below. You will be presented with a 10-Day Tube of Pepsodent.

If you live out of town, mall coupon to The Pepsodent Company, 1164 So. Wabash Avenue, Chicago, and tube will be sent by mail.

slated, the true form of the Ohio con- enough incentive to the Pioneers to ference football contenders will be spur them on to a fair season. This revealed, Saturday, Ohio Wesleyan, whether Holtcamp's team can stand Oberlin St. Xavier. Wooster and Ohio the gaff of a stiff game, for last week unive sity ranking respectively in the Hiramites added the Kenyot the race last year, run against strong scalp to the Oberlin one. competition and the results will have Carnegie Tech travels to Cleveland

much bearing on the final standing.

Ohlo Wesleyan, after a creditable Carrell university team, formerly St. showing against Ohio State, in which Carroll university team, formerly S Halfback Pierce slipped around right end for an 80-yard run and a touchdown, is booked to meet Ohio North-The latter eleven holds two wins to Skibes unearth a remarkable attack ern at Delaware.

its credit, snowing under Bowling and a still stronger defense, the Car Green and nosing out the strong Ash- rollites should win. On paper, the

Although Wesleyan was unable to the Ohio teams eyes, it showed a strong defense and the Dayton-Transylvania battle the Sacksteder, Turney, Pierce combination should show up strongly against the conference defenses.

W. Va. Dayton should win by a fair Oberlin recovering from the Hiram tragedy, was unable to score a barely winning by virtue of two field Marietta should win from Marshall at Cleveland and while the Beientists carded to dispose of Toledo in the made no Inspiring showing against game at Akron while Kent Normal Michigan, they still showed the potenuanty of a contender in the Ohio at the hands of Baldwin-Wallace. K race. An ample sprinkling of veterans yon, deceated by Hiram last meets Muskingum, who lost to Rehave made Coach Canfield's men dangerous and Oberlin may be in for trouble unless the Congregationalist attack becomes effective

Wooster Meets Miami Playing and winning both its con-ference games last year, St. Xavier bucks against Ohio at Cincinnati. The Ohio conference Babes are an un-known quantity, while the Green and White hold win over Rio Grande and held Oberlin to two field goals last healthy. Every Salem woman who is Saturday, threatening several times having backache, blue and ne vous to score a touchdown and take the spells, dizzy headsches and kidney game. The shift of Reinhold, last or bladder troubles, should be glad to year's star and to the backfield, destined to help the aerial attack and the Mrs. J. Dobson, 16 West Dry st. secondary defense, may prove a says: "Some years ago I had sharp strong point for Coach Heldt's out pains in my back that nearly put me

Woester's football machine after a manage to do my housework and at slow start in barely defeating Ash-land, gained momentum last week and stabbed through my back that was scored three touchdowns against Ot- terrible. I often got dizzy and had to terbein. Saturday it meets Miami at Wooster. With the full team in the field Boles' troupe should win, but the Miami eleven is always a dangerous Miami eleven is always a dangerous advertised, I got some. They helped foe, Coach Ewing, who took the place me almost from the first and after of Little, when the latter went to took two boxes, my kidneys were put Michigan as the assistant to Yost, in condition and the other troubles spent most of last year building up left. his team and the 1923 crew should p show the effect of the preliminary ply ask for a kidney remedy get

Down in Cincinnati, where the team Mrs. Dobson had. Foster-Milburn Co. plays successfully at night and not so Mfrs., Buffalo, N. good in the afternoon, the Bear Cats bump against the Denison team. Livingston's boys managed to put acre two touchdowns in the final quarter against Hillsdale, last week and won out, although the showing was anything but awe-inspiring. Cincinnati's indifferent playing makes the game appear a toss-up, with the Granville

outfit favored. Mount May Win

Coming back strongly, after the loss to Slippery Rock Normal, Mt. Union should defeat Ashland, a nonconference opponent. Thorpe's team manifested by the defeat of Adrian, seems to have struck its stride, as 22-0, and under his coaching should kold its own in conference circles.

The one touchdown margin which Western Reserve defeated

strong Colgate team. Ohio State plays its first intersectional game in the regular season in a dozen years. Colgate's strength has been shown in the over-powering defeat handed Alfred, Clarkson and Niagara, running up a total of about 150 points while holding the opponents scoreless. With two of the 1921 Penn State stars in its backfield, the easterners are con sidered one of the strongest teams in that part of the country.

Having displayed only, a fair defense and a weak attack during the first half, but coming back strongly in the rest of the game, Ohio State should prove a real foe for Hamiltonians. The Buckeyes development has been slow and steady in accordance with Coach Wilce's beliefs and while it will never become a terrific scoring machine, the scarlet and gray appear stronger and more effective than it has for many years.

With the big Michigan game a weak off, the Wilcemen will hesitate to uncover any special formations unless necessary for the winning of the game but the strong defense and natural ability of Ohio State's backfield men, should capture the Colgate con-

last Sunday, will play the Sharon Sokols here next Sunday. The Sokols are one of the strongest teams in Northern Pennsylvania and will be formidable opposition to the

Salem team. Practice will be held Thursday night at Reilly field when several special plays will be given the men by Coach Joe Kelly. After the defeat of Washingtonville two weeks ago the squad has not has much practice but Kelly will give the team a hard workout Thursday night.

Ohio Utilities Commission Member Addresses Convention.

it is essential to the future develop our public highways. ment of the country, both socially and "I want to say to members of this Open daily except Sunday, from 10 a. appendicitis. One dose will convince commercially, that we save our electroscopic association that your competition is m to 8:30 p. m. trically operated transportation facil-

This declaration was made today before the convention of the Amerian Electric Railway association by Charles C. Marshall, member of the ublic Utilities Commission of Ohio. The duty the state owes to its railroads and utilities is sane regula on, not strangulation," he continued,

Keeping Millions Free From Colds and La Grippe

### W. H. HILL'S LIFE WORK

Colds cause more illness than any other human ailment. Realizing this 50 years ago, W. H. Hill determined to develop a quickacting scientifically correct cold and la grippe remedy.

Years of research brought success. Mr. Hill discovered a most remarkable formula. He backed it with energy, faith, integrity and a name that meant "satisfaction or money back."

Today more than 4,000,000 familiesone-fifth of America's population—use and recommend Hill's Cascara Bromide

The formula has never been changed in a quarter century. What Hill's has done for millions, it can do for you. Demand red box bearing Mr. Hill's portrait. All

"so that they may be maintained in the highest state of efficiency, that the public may receive the result of such efficient management and operation, allowing to such utilities rates for their services based upon the fair and reasonable value of the property used and useful in rendering such services.

"I am a strict believer in the protection of honest effort and honestly strates is to have a monoply in the fecting the liver and heart. For more strates is to have a monoply in the fecting the liver and heart. For more so that they may be maintained in probably greater than that of

state commission to compel any railand earnings."

He predicted that electric railway although 82 years old I now feel as

Atlantic City, N. J., Oct. 10.- such laws applying to telephone and rural consumers. Every person ought to realize that motor transportation companies on

### One Way to Reduce Light Bills

While the increase that your electric bill may show this month is due principally to the lengthened period of darkness at this season, much light that could be saved is wasted unintentionally.

Dust and dirt on lamps, shades and reflectors, absorb 40% of the light you

Housewives! Now at Fall cleaning timeclean and polish with a dry cloth every electric lamp ("bulb") in the house. Wash glass shades with soap and water. Clean silk shades with the suction attachment on your vacuum cleaner, then brighten the colors with gasoline. Replace all burned out lamps with new lamps and put your lighting equipment in good condition all around.

Do this-and you'll stop waste of light through dust and dirt, and be able to save on the amount of electricity consumed.

### AFTERMATH OF EARTHQUAKE IN TOKIO

above is an excellent photograph showing the extent of the damage done by the earthquake and fire Nihombashi, or retail district, of Tokio. The street at the right was known as "Ginza," or "street of so called because of the vast amount of money that changed hands in its magnificent shops.

### IAND COLORING ADDS TO BEAUTY OF NEW PICTURE

Women," the Cosmopolitan produc State theater Monday are occasioning tion of Ibanez's story, coming to considerable comment for their beauty |. nd story value. As employed in this film, they are an urge to imagination

For instance, the scenes depicting the remarkable sabre fight between Lionel Barrymore as Prince Lubimoff, and Paul Panzer, as a Cossack, owe a portion of their effectiveness to the flaring light thrown on the episode by the torches held by servants. Colored with an exquisite skill. The torches seem to blaze a fire fury on the strug-

Again, in the war scenes, color has ocen splendidly employed. The burst ing of bombs is a veritable explosion of menacing fire and angry smoke while the cnflagration of a big bal loon in the air becomes, with the aid of this color effect, the occasion of ounds of applause at each showing at the State.

Credit for this coloring of over 40 feet of the film goes to the eminent Danish painter, Gustage Brock. The work requires a delicate skill.

### COLUMBIANA

A sedan belonging to J. C. Ryan which was stolen from his place of business in Columbiana six weeks ago has been found. A communication from a Mr. Queer, a farmer residing five miles east of Greensburg, Pa., notified Ryan that his car was parked in his barn yard. Queer stated that two days after the time the car disappeared from Columbiana two men left the car parked in the yard saying that the car was out of commission and they would return the next day

The Lisbon Independents and Co imbiana Independents played a clos game Sunday at the ball park. A large crowd witnessed the game. Columbi-
